Mike,

On November 25 last year Apple Valley turned down your variance at 14638 Cedar Ave. The spot sits under 500 feet from Jardin Spanish Immersion Academy, and the council held to the setback.

So I measured the rest of the city against the same rules. 1,000 feet from a school, 500 from a day care, a treatment facility or a park attraction, 1,000 from another cannabis shop, and only in the zones the code allows.

99 commercial lots in Apple Valley pass all of it with no variance.

They're on a map at the code on the right, with the first ten owners named.

No ask attached. If you want the owner and mailing address for all 99, write back.

Best,
Aidan Jude
